

RESOLUTION #266

FOR THE PURPOSE of requesting the Intergovernmental Resource Center to develop an application on behalf of the Town of Yacolt, Washington for a regional hazardous waste planning grant from the Washington State Department of Ecology.

WHEREAS: the 1987 Washington State Legislature appropriated \$1 million for local hazardous waste planning making the legislative requirement mandatory: and

WHEREAS: local governments must complete the local hazardous waste plans by June 30, 1990: and

WHEREAS: the planning grant applications will compete for available funds based on the following criteria:

- ° The planning area is multi-county.
- ° All general purpose governments in the planning area will be included in the plan.
- ° The lead planning agency is the regional planning council or equivalent.
- ° All local governments participating in the planning process will be contributing to the local share of the planning costs.
- ° There has been a history of regional cooperation in planning, including plan adoption by all participating governments.
- ° There has been a history of commitment to implementing regionally developed plans: and

WHEREAS: IRC can demonstrate the ability to meet other criteria including readiness to proceed, completeness of the application, commitment to moderate risk planning and management, regional interest and commitment, degree of moderate risk waste problem, and previous grant history: and

WHEREAS: on September 15, 1987, the IRC Board of Directors passed Resolution #87-09-05 authorizing IRC to submit a letter of intent to DOE to undertake regional hazardous waste planning and to develop an application for funding on behalf of Clark and Skamania County jurisdictions:

NOW THEREFORE: BE IT RESOLVED that the Town of Yacolt, Washington, hereby agrees to participate in the regional hazardous waste plan and to fund the per capita based local match if necessary.

Adoped this 20 day of October 1987 by the Town of Yacolt.
